Dear Janice,

It is with regret that I must issue a **CEASE & DESIST ORDER** to Cobra Collection Agency so that you and your company are relieved of all collection responsibilities on my and Intrepid Network Concepts Inc. behalf. I am transferring all the accounts you have to Meacham, Earley & Fowler's Collection department.

After months of waiting for a report, I finally initiated contact over 2 weeks ago by sending follow-up emails and making personal phone calls. As of today, we still have NO payments, reports, or callbacks. When Wes Weaver and I stopped by your office in mid-November, you said a report would be forthcoming. That also has not happened either in November or December. In fact, the last formal report was during the June/July 2006 timeframe.

I have spoken with Nicole Dickerson at Meacham, Earley, & Fowler. She needs to get the following items from your company:

- Current outstanding balance on the accounts.
- Copy of the collection status report you would normally issue to me.
- Last collection activity on the account. A couple of brief comments/statements is acceptable.

We do not want to "over-collect" from our debtors so we need to have the correct information. As you know, it would be problematic for us if our debtors did in fact pay you or made arrangements to pay and we were not made aware of these facts. **I also expect that you will pay us all funds that are rightfully due to us within 14 days especially since we have waited since June/July 2006 for the last payment.**

It is urgent we close this out in an orderly and timely manner. It is our intention to continue following up until this matter is completely closed out and all monies are paid. In closing, we bear no animosity and appreciate the business relationship we had in the past.

If you have any questions or concerns regarding my request, please do not hesitate to call me. Nicole Dickerson can be reached at 706-576-4064. Their business address is: 5704 Veterans Parkway, Columbus, GA 31904. Thank you in advance for your cooperation.

Cordially,

Matthew Chan, President
